remember re·mem·ber (rĭ·mēm'bər)
v. **re·mem·bered** , **re·mem·ber·ing** ,
re·mem·bers

1. To recall to the mind; think of again.
2. To retain in the memory.

Ali Edwards is a wonderful teacher, and I have to tell you, Sherri and I were so inspired when we took a class from her this past summer! We loved her idea of "one little word" and have chosen to follow her example at the store in 2012. We have chosen the word "remember" as our "one little word." It seems that so often we forget just how blessed we are, how amazing our families are, how wonderful our customers are and just how wonderful living life really is! So, this year we want to "remember" and want you join with us! We will be presenting classes each month to help you "remember" as well as a page kit series to help you "remember".
